Answers to the AQA's A-level sociology education with theory and methods exam, June 2018... Just a few thoughts to put students out of their misery. (Ideas my own, not endorsed by the AQA). Click here for a link to general advice for how to answer questions on paper 1: Education with theory and methods.

How I would've answered the AQA A level sociology of ...

Type of Observation. For this observation, I would conduct a covert, naturalistic, non-participant and structured observation. The observation would be covert, and I would pose as a gym member or member of staff so that my observations do not affect the behaviour of the gym users. This would ensure that the behaviour I am observing is natural and that observer bias is minimised.
