Charles Hamblin's 1970 book, *Fallacies*, revives Whately's complaint. We may view *Fallacies* as the dividing line between traditional approaches to the study of fallacies and new, contemporary approaches. At the time of its publication it was the first book-length work devoted to fallacies in modern times.

What do Marconi and H.G. Wells have to do with fairies? A new young adult novel by Kate Story has created their common ground, and it's on the south side of St. John's. *Urchin* is a tale about the in-between spaces where science and fiction and magic all get equal airtime. Into this mix runs Dorthea, a girl who discovers a new identity as a boy named Jack, an identity that feels like a better fit.
