Where To Download Learning To Slow Down And Pay Attention A Book For Kids

The most meaningful advice for anyone having trouble getting their life under control is to simply slow down. The stress of always being in a hurry drains your spirit, distracts your mind, and prevents you from focusing on what is really important. It fools you into wasting time in areas that don't reflect your values or your goals.

If you speak too fast, especially when speaking to senior citizens, people with hearing losses, or children, or when speaking on complex matters that are new for your audience, you need to slow down so they can understand you more easily. A fast rate of speech is more confusing. It has not been shown to be more persuasive, either.
