Managerial economics is a branch of economics involving the application of economic methods in the managerial decision-making process. Managerial economics aims to provide a frame work for decision making which are directed to maximise the profits and outcomes of a company.

### Managerial economics - Wikipedia

Earnings quality, also known as quality of earnings (QoE), in accounting, refers to the ability of reported earnings (income) to predict a company's future earnings. It is an assessment criterion for how "repeatable, controllable and bankable" [citation needed] a firm's earnings are, amongst other factors, and has variously been defined as the degree to which earnings reflect underlying ...
