Papers On Socialization

Socialization is a process of interaction which establishes a stable and balance relation between an individual and his society. this process teaches an individual to work and perform daily work and functions according to the rules of his society. These rules and norms are among, his first lessons of discipline.

Socialization: Meaning, Types and Examples , Overview

Vineland Adaptive Behavior Scales are a valid and reliable test to measure a person's adaptive level of functioning. Vineland-II forms aid in diagnosing and classifying intellectual and developmental disabilities (IDD, formerly known as mental retardation) and other disorders, such as autism spectrum disorders and developmental delays. As with the current Vineland, the content and scales of ...

Vineland Adaptive Behavior Scale | Psychology Wiki | Fandom

This process of socialization most notably occurs through the contact that adolescents have with their peer groups. The theory of group socialization posits that the peer group and other outside-the-home socialization are responsible for shaping the personality of adolescents and teenagers (Harris, 1995). ...
