Understanding Gender Crime And Justice

GENDER AND CRIME Gender is the single best predictor of criminal behavior: men commit more crime, and women commit less. This distinction holds throughout history, for all societies, for all groups, and for nearly every crime category. The universality of this fact is really quite remarkable, even though many tend to take it for granted. Source for information on Gender and Crime: Encyclopedia ...

Understanding Gender-Biased Policing

Sex is a biological concept, while gender is a social concept and refers to the social and cultural differences a society assigns to people based on their sex. Several biological explanations for gender roles exist, but sociologists think culture and socialization are more important sources of gender roles than biology.
